The Snake's Activity
with artist

CAITLIN HOWELLS

**The Snake's Activity:
Get wriggly with me**

**with artist
Caitlin Howells**

Look at me; I can make fantastic, sinuous
shapes as I slither around.

This is a messy, slipping, wriggling and writhing
activity to try in your kitchen or garden.

Mix up a paste of cornflour and water
(or flour and water if you don't have cornflour)

Cut up some pieces of string or put some
cooked spaghetti or noodles in a bowl

Explore the textures and contrast on
a dark coloured tray or plate

Can you think of a word to describe how it feels?

Can you think of a way to describe the sounds it can make?

What happens to your hands and fingers?
